The Art of Motion

Regaining and Maintaining Function in
Musculoskeletal Disease

A Multidisciplinary Approach

ABSTRACT REQUIREMENTS

Deadline for submission: Thursday, September 26, 2019

ABSTRACT LENGTH: The sections 'Purpose', 'Methods', 'Results', and 'Conclusions' should not exceed 300 words, combined.

PURPOSE: Clearly state the background for and purpose of the study, including the hypothesis or research question being addressed.

METHODS: Include the design and methodology used, including any relevant instruments and measurement tools. Describe the predictor and outcome variables and the analytic approach used to evaluate the research question.

RESULTS: For analytic studies, report quantitative results including effect measures and confidence intervals. For descriptive or qualitative results, succinctly report relevant findings. Only abstracts with preliminary data or final results will be considered. Abstracts of studies "which will be done" or do not have at least some preliminary data will not be reviewed.

CONCLUSIONS: Conclusions should be evidence-based and drawn directly from the results of the study as they relate to the research question.
